# Our competitors

---

We think that it is important to know who we consider as our rivals on the outsourcing and audit market in Russia. It is not an indication of how many office square meters we occupy or how many auditors and accountants are in our staff, but rather defines the standards we want to set and exceed.

# Why Globaudit BS is better

---

What makes us a good outsourcing solution for your business? Why foreign and local companies choose us and why our customers stay with us for a long time? Here are few possible reasons:

- we are professionals: almost all employees are certified accountants or auditors in RF
- we have low running costs - it means lower fees
- we use certified in Russia electronic tax reporting systems
- we are not VAT payers according to provisions of RF Tax Code - it means 18% off the bill for customers, who do not pay the tax
